Introduction

1st TRAINING ON ORTHOPEDICS **Richard Wolf Middle East in Dubai**

Tutor: Daniel Deeg
Junior Marketing Manager Orthopedics
Richard Wolf GmbH
Pforzheimer Straße 32
75438 Knittlingen
Germany

Dear business partners from the Middle East and beyond, it was a pleasure to meet you all at the Arab Health in Dubai end of January and we hope you all had a good travel home.

Even if you were not able to attend the exhibition we herewith invite you back to Dubai for our first training in orthopedics and arthroscopy.

We are glad to offer the training event to bring this interesting field of endoscopy back to the Middle East.

The 2 day course will feature a basic day where we will cover the anatomy and pathologies of the different joints together with troubleshooting of the different devices.

On the second day our course will dive into the usage of the new power tool series from Richard Wolf and end up with an advanced training on ACL reconstruction.

We hope to meet you again soon here in Dubai
Richard Wolf Middle East

Registration

Yes, I will participate in the

1st TRAINING ON ORTHOPEDICS Richard Wolf Middle East in Dubai

9th to 10th of May, 2023.
