excellence in education

The Richard Wolf Academy Prima Vista

The Richard Wolf Academy Prima Vista is a center of competence focusing on education and knowledge transfer.

Specialists and generalists, instructors and learners, users and innovators all come together at the Richard Wolf Academy Prima Vista. It's a place where leading experts can share their knowledge and explore important topics with ambitious physicians.

The Prima Vista eAcademy

The Prima Vista eAcademy is a digital learning platform that delivers valuable educational content, optimized for the digital space. Interactive e-learning courses with a variety of exercises and tests help trainees improve their skills and gain new knowledge.

The eAcademy provides a combination of online and face-to-face training sessions. In the future, trainees will have the opportunity to put what they have learned online into practice immediately through hands-on sessions.

Benefit from

- **Workshops:** Under the tutelage of leading experts, trainees practice basic and advanced surgical techniques on models and specimens.
- **Clinical visits & live operations:** The latest multimedia technology allows operations to be streamed live. We offer clinical events and practical sessions with international specialists.
- **Blended learning:** The latest learning methods will be used to offer a combination of e-learning and face-to-face events.

Worldwide presence

The Richard Wolf Academy Prima Vista offers more than 100 events worldwide each year with more than 400 trainers and tutors.

Prima Vista locations:

- Germany
- China
- UAE
- USA
- France

Join our worldwide network

- Engagement with international experts
- Knowledge transfer and advanced training
- Reference centers and dependable partnership
